Security Surveillance

With Unified Security, we put you in control with a security system that fits your property and preferences. Check in from across the block, or across the globe. View live camera footage from the palm of your hand and remotely control and command your protected space. We install and configure small and large environment security systems:

- HDCVI
- HDTVI
- NVR

Small Business Environment:

4 to 16 Cameras and System HDCVI, HDTVI, and NVR

Enterprise Business Environment:

32 or more Cameras and System HDCVI, HDTVI and NVR

Price Range: 2000 and above.

Smart Locks

Set up your business properties, hotels, and professional buildings with Unified Smart Locks. Fingerprint, number code, card activated, we have a number of solutions.

Price Range: 300 and above. Demo Available.

Intercom

Being "on location" is easier than ever. Answer the door from your iPhone, iPad, Android, or tablet. Have two-way voice conversations from your smart device, or answer from multiple stations inside your business. Add touch screen enabled screens to your stations to record video, or make internal calls from one indoor station to another on the same network. Outdoor and Internet enabled solutions available.

Price Range: 500 and above. Demo Available.

Audio/Video

Build an audio and video system to meet your needs. Start fresh, or connect to your existing sound system. Touch screen, built-in Wi-Fi, various audio file support, radio, and digital recording, are just some of the perks available.

- Basic System
